

# Agenda

## Rosemont Copper Project

### Cooperating Agency Discussion of Cave and Karst Issues

Tuesday, July 24, 2012

Basement Conference Room A, Federal Building, 300 W. Congress, Tucson

Conference phone line: 888-858-2144, passcode 9306463#

#### Purpose of Meeting:

In response to public comments received on the Rosemont DEIS, the Forest is reviewing issues related to caves and karst geology. This includes discussion of the potential impacts on existing caves, as well as discussion of various perspectives on the regional geologic framework and the potential for undiscovered cave/karst features on the project site. The purpose of this meeting is to provide the Forest Supervisor with information to consider in the NEPA process.

Time	What	Who
